INDEPENDENT AUDITOR'S REPORT

The Board of Directors
Harris County Community Land Trust Management Corporation
Houston, Texas

Opinion

We have audited the financial statements of the Harris County Community Land Trust Management Corporation (the "Corporation"), a component unit of the Harris County Housing Finance Corporation, as of and for the years ended December 31, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation as of December 31, 2022 and 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Corporation, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

U.S. GAAP requires that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

HARRIS COUNTY COMMUNITY LAND TRUST MANAGEMENT CORPORATION

MANAGEMENT’S DISCUSSION AND ANALYSIS (UNAUDITED)

The following discussion and analysis of Harris County Community Land Trust Management Corporation’s (the "Corporation") financial performance provides an overview of the financial activities for the fiscal years ended December 31, 2022 and 2021. Please read in conjunction with the basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

The following financial highlights are reflected in the Corporation’s basic financial statements:

- The Corporation commenced principal operations during 2022.
- The total assets of the Corporation exceeded the liabilities at December 31, 2022 by \$104,598. This is an increase of \$113,095 from the previous year when total liabilities exceeded assets by \$8,497.
- The net position of the Corporation is comprised of net position invested in capital assets of \$113,300 and \$0 and unrestricted net position (deficit) of \$(8,702) and \$(8,497) at December 31, 2022 and 2021, respectively, which represents the funds available to meet ongoing obligations of the business-type activities.
- The Corporation recorded grant income of \$113,300 during 2021 in connection with land received through an affordable housing program.

OVERVIEW OF BASIC FINANCIAL STATEMENTS

The financial section of this annual report consists of three parts: Management's Discussion and Analysis, the basic financial statements, and the notes to the basic financial statements.

The basic financial statements provide both long-term and short-term information about the financial status of the Corporation. At December 31, 2021, the Corporation had not commenced principal operations. The basic financial statements also include notes that explain some of the information in the basic financial statements and provide more detailed data.

The basic financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under this basis, revenues are recognized when earned, and expenses are recognized in the period in which they are incurred.

The statements of net position include all assets and liabilities associated with the operation of the Corporation. The statements of net position report financial position, which is the difference between assets and liabilities. The statements of activities report how assets and liabilities have changed over a one-year period.

FINANCIAL ANALYSIS OF THE CORPORATION

Net Position

The total net position at December 31, 2022 was \$104,598, a 100% increase from December 31, 2021. (See Table A-1 Below).

Table A-1 Corporation’s Net Position

	2022	2021
Current assets	\$ 91,298	\$ 91,503
Capital assets	113,300	-
Total assets	\$ 204,598	\$ 91,503
Current liabilities	\$ 100,000	\$ 100,000
Total liabilities	\$ 100,000	\$ 100,000
Invested in capital assets	\$ 113,300	\$ -
Unrestricted net position (deficit)	(8,702)	(8,497)
Total net position (deficit)	\$ 104,598	\$ (8,497)

**HARRIS COUNTY COMMUNITY LAND TRUST MANAGEMENT CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

FINANCIAL ANALYSIS OF THE CORPORATATION, CONTINUED

Net Position, continued

The increase in total assets at December 31, 2022 when compared to December 31, 2021 is the result of single family lots granted to the Corporation through an affordable housing program sponsored by the City of Houston, Texas (the "City").

Changes in Net Position

The increase in financial position for the year ended December 31, 2022 was \$113,095. The total operating revenues increased by 100%, or \$113,500, and total operating expenses decreased by 95.2%, or \$8,092. Operating income increased by \$121,592 (See Table A-2.)

Table A-2 Changes in the Corporation's Financial Position

	2022	2021
Operating revenues:		
Grant income	113,300	-
Lease income	200	-
Total operating revenues	113,500	-
Operating expenses:		
General and administrative expenses	405	8,497
Total operating expenses	405	8,497
Change in net position	113,095	(8,497)
Net position at beginning of year	(8,497)	-
Net position at end of year	\$ 104,598	\$ (8,497)

During 2022, grant income increased compared to 2021 as the Corporation commenced principal operations and was granted single family lots valued at \$113,300 as part of an affordable housing program sponsored by the City. These lots are then leased to income-eligible homebuyers in the City by the Corporation.

During 2022, general and administrative expenses decreased when compared to 2021 as the Corporation incurred certain start-up related costs during 2021 in preparation for commencing principal operations in 2022.

CONTACTING THE CORPORATION'S FINANCIAL MANAGEMENT

This financial report is designed to discuss issues that may be material to the operation of the Corporation. If you have any questions about this report, please contact the Harris County Housing Finance Corporation, 8410 Lantern Point Dr. Houston, Texas 77054.

HARRIS COUNTY COMMUNITY LAND TRUST MANAGEMENT CORPORATION

NOTES TO BASIC FINANCIAL STATEMENTS

1. Organization and Nature of Operations

The Harris County Community Land Trust Management Corporation (the "Corporation") was incorporated on June 9, 2020 pursuant to Chapter 373B et seq. Texas Local Government Code as a separate not-for-profit corporate entity to aid, assist and act on behalf of the Harris County Housing Finance Corporation ("HCHFC") regarding the creation and operation of the Harris County Community Land Trust ("CLT"). The CLT will provide affordable housing for low-income and moderate-income residents in the community, promote resident home-ownership, retain affordable housing for future residents, and capture the long-term value of public investments. HCHFC serves as trustee to the Corporation to acquire ownership and underlying rights in real property while improvements are owned or leased by residents with the explicit goal of promoting affordable housing. Creation of the Corporation was authorized by the Harris County Commissioners Court, but the Corporation is not a political subdivision of Harris County, Texas ("Harris County") under state law. The Corporation is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code ("IRC").

In accordance with Government Accounting Standards Board ("GASB") Statement No. 14, *The Financial Reporting Entity* ("GASB 14"), as amended by GASB Statement No. 61, *The Financial Reporting Entity: Omnibus* ("GASB 61"), the Corporation is a component unit of HCHFC for financial reporting purposes. The Corporation is managed by a Board of Directors (the "Board") appointed by HCHFC.

As required by generally accepted accounting principles in the United States of America ("U.S. GAAP"), the financial statements of the reporting entity must include those of the Corporation and its component units in conformity with GASB 14, GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units* ("GASB 39"), GASB 61, and GASB Statement No. 80, *Blending Requirements for Certain Component Units* ("GASB 80"), clarifies the financial statement presentation requirements for certain component units which are incorporated as not-for-profit entities.

The criteria used to determine whether an organization is a component unit of the Corporation and whether it is a blended component unit includes: financial accountability of the Corporation for the component unit, whether the Corporation appoints a voting majority of the entity's governing board, the ability to impose the Corporation's will on the component unit, fiscal dependency criterion, if it is a financial benefit to or burden on the Corporation, and whether services are provided entirely or almost entirely to the Corporation. At December 31, 2022 and 2021, the Corporation did not have any component units.

A description of the Corporation's major program and operations are as follows:

Single Family Lot Leases

The Corporation is part of an affordable housing program sponsored by the City of Houston, Texas (the "City"), whereby the Corporation is granted ownership of land, in perpetuity, acquired by the City under the affordable housing program and provides an income-eligible homeowner with a 99-year ground lease to maintain affordable housing in the City.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with U.S. GAAP for local governmental units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Accordingly, expenses are recognized when the liability is incurred, and revenues are recognized when earned. Under the economic resources measurement focus, all assets and liabilities associated with the operation of the Corporation are included in the statements of net position. Since the Corporation has not received public donations, all net assets are considered to be unrestricted.

Use of Estimates

The process of preparing financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect reported amounts of certain assets, liabilities, revenues and expenses. Management believes its estimates and assumptions are reasonable; however, actual results could differ from those estimates.

HARRIS COUNTY COMMUNITY LAND TRUST MANAGEMENT CORPORATION

NOTES TO BASIC FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Cash and Cash Equivalents

The Corporation considers all cash and short term, highly liquid investments with original maturities of three months or less to be cash and cash equivalents, respectively. The Corporation maintains demand deposits with financial institutions that are insured by the Federal Deposit Insurance Corporation ("FDIC").

Land Held in Trust

Land held in trust represents real property granted to the Corporation through an affordable housing program sponsored by the City and is carried at fair value as of the grant date.

Net Position

GASB Statement No. 34 – *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* establishes standards for external financial reporting for all state and local government entities including a statement of net position and a statement of activities. It requires the classification of net position of enterprise funds into three components: invested in capital assets, net of related debt, restricted and unrestricted. These classifications are defined as follows:

- Invested in capital assets, net of related debt – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Net position invested in capital assets at December 31, 2022 relate to parcels of contributed land to be used to maintain affordable housing in the City. See Note 3.
- Restricted – This component of net position consists of restricted assets, reduced by liabilities and deferred inflows of resources related to those assets, upon which constraints have been externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation. At December 31, 2022, the Corporation had no restricted net position.
- Unrestricted – This component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Revenue Recognition

The Corporation's primary sources of income are derived from grants and lease income from an affordable housing program sponsored by the City which are recognized pursuant to GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions* ("GASB 33"). Pursuant to GASB 33, revenues and expenditures are recognized when all applicable eligibility requirements are met.

Income Taxes

The Corporation is exempt from federal income taxes under Section 501(c)(3) of the IRC. However, the Corporation is subject to taxes on certain unrelated business income. For the years ended December 31, 2022 and 2021, there were no unrelated business activities; thus, no provision has been made for income taxes.

Concentration of Credit Risk

Financial instruments which potentially subject the Corporation to concentrations of credit risk consist principally of cash, program fee receivables, and investments. The Company maintains its cash and cash equivalents and investments with major financial institutions selected based upon management's assessment of the institution's financial stability.

As of December 31, 2022 and 2021, all of the Corporation's demand deposits were either insured by the FDIC or collateralized with obligations of the United States of America or its agencies and instrumentalities or local government rated securities. All of the financial investments are held in creditworthy financial institutions in the name of the Corporation which protects against credit risk of the financial institution holding the investments.

HARRIS COUNTY COMMUNITY LAND TRUST MANAGEMENT CORPORATION

NOTES TO BASIC FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Concentration of Credit Risk

Balances at these institutions may periodically exceed FDIC limits; however, the Corporation has not experienced any losses from these deposits and management believes the risk of loss is minimal due to the strength of the financial institutions in which the funds are held.

Recently Adopted Accounting Pronouncements

In June 2017, the GASB issued Statement No. 87, *Leases* ("GASB 87"), which requires lessees to recognize the following for all leases (with the exception of short-term leases and leases that transfer ownership of the underlying asset) at the commencement date: (i) a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and (ii) a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. Under GASB 87, a lessor is required to recognize a lease receivable and deferred inflow of resources, which is the future expected income derived from a lease, measured on a discounted basis, for all leases (except for short-term leases, certain assets held as investments, certain regulated leases and leases that transfer ownership of the underlying asset) at the commencement date. GASB 87 is effective for fiscal years beginning after December 15, 2019, early application is permitted. Lessees and lessors must apply a full retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements.

In May 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, to delay of the effective date of GASB 87 by 18 months (effective for annual periods beginning after June 15, 2021). The Corporation adopted the provisions of GASB 87 effective January 1, 2022. The adoption of GASB 87 did not have a significant impact on the Corporation's financial statements.

Recently Issued Accounting Pronouncements

GASB Statement No. 92, *Omnibus 2020* – ("GASB 92"), enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. GASB 92 will be adopted by the Corporation in fiscal year 2023 and the impact has not yet been determined.

3. Land Held in Trust and Lease Income

At December 31, 2022, land held in trust is comprised of two single family lots granted to the Corporation during the year ended December 31, 2022. The Corporation has entered into a 99-year ground lease with the homeowner for each lot, which provides for \$50 of rental income per month over the life of the lease. The leases provide the homeowners with the right to an additional 99-year renewal. The improvements on the land may not be sold or otherwise mortgaged without prior written consent of the Corporation, and the Corporation maintains the right to purchase the improvements if the homeowner pursues the sale of the property. In the event of sale, the improvements may only be transferred to income-qualified buyers and the selling price of the property is subject to certain maximum thresholds determined by the underlying lease agreement to maintain affordable housing in the City. During the year ended December 31, 2022, lease income of \$200 was recognized on the lots and is included in program fees receivable at December 31, 2022.

4. Related Parties

At December 31, 2022 and 2021, the balance due to other government consists of \$100,000 in seed funding provided by HCHFC during the year ended December 31, 2021.

5. Liquidity

The Corporation is substantially supported by lease income from single family lots granted to the Corporation by the City which are not subject to restrictions; thus, all financial assets are available for general expenditure within one year. As part of the Corporation's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

HARRIS COUNTY COMMUNITY LAND TRUST MANAGMENT CORPORATION
NOTES TO BASIC FINANCIAL STATEMENTS

6. Subsequent Events

The Corporation has evaluated all subsequent events through March 16, 2023, which is the date the financial statements were issued, and has concluded that there are no significant events to be reported.
